

Your Bank. For Life.®

145 years ago, a community had a need. Business was booming in the city of Terrell, Texas, but to continue that growth and development, local residents and businesses would need more than money and financing...they would need a long-term financial partner.

And just like that—born out of a need from the community—American National Bank of Texas opened their doors in 1875. Today, they are one of the largest and oldest independent banks in Texas with **over \$4 billion** in assets and more than 30 area locations.

In 2020, ANBTX made the **Best-In-State Banks 2020** list by Forbes and Statista. Something only 2.8 percent of all banks—and only five in the state of Texas—can claim. In addition, they were a **leading lender for PPP Loans** in the DFW Metroplex. And for eleven times, they have been named a **Top 100 Places to Work** (awarded by The Dallas Morning News).
